Vision

LCT believes that Alternative Provision (AP) is an educational and vocational opportunity for students who are unable to access full-time mainstream education for a number of reasons.

The Learning Community Trust recognises that there is a need to ensure that our curriculum is inclusive and accessible, providing the opportunities to succeed. Moreover, we recognise the need to offer the type of provision that allows students to achieve their potential.

“Every child deserves an excellent education and the chance to fulfil their potential whatever their background and needs. Children in alternative provision deserve these opportunities too.” (Creating opportunity for all, DfE, 2018)

Objectives

The objectives of the policy are:

- To outline the reasons why students might be offered an alternative provision
- To ensure that alternative provision is offered to suitable students in a consistent way
- To provide guidance on the referral process
- To ensure suitable procedures are in place relating to attendance and the safeguarding of students.
- To outline the monitoring of students' progress, behaviour and welfare.
- To guide staff and support staff with the identification, support and monitoring of students accessing an alternative provision.
- To highlight the end goals/purpose of alternative provision within LCT schools.

Reasons

There are a variety of reasons why a student is referred to an alternative provision. Some of these may be;

- A student may not be attending regularly and is at risk of becoming NEET. An alternative provision may provide a greater opportunity to progress to a suitable post-16 pathway.
- An unidentified or emerging need may result in a student needing additional support in a supportive learning environment. This may result in a student being placed on the SEND register of need as a K student.
- A serious behavioural event that would normally result in an extended exclusion or permanent exclusion.
- Continued poor behaviour that fails to meet our standards and that has not improved with the supportive pastoral process put in place.
- Students needs are not being met through the mainstream curriculum on offer. The emphasis on smaller classes and engagement may be more suitable to some students.

Internet and ICT System Safeguarding of Alternative Provision Students – Form 7

Dear Sir/Madam,

I am writing to you with regards the computer use and internet access of our students when they are working within your provision. The purpose of this letter is to ensure that our students receive at least the same level of protection as they do whilst working with our ICT networks at Hadley Learning Community. Should this not be the case (when considering the information in the paragraphs below) or if you require any further information, please could you make this explicit when replying to this letter/email.

At EWA we use Telford and Wrekin Council's proxy server which allows us to restrict the websites that students can access. The sites are locked down by category (e.g. drugs, weapons, adult material etc.) to ensure that our young people cannot access any potentially harmful sites, images or information. We also monitor the websites that student's access and restrict permission to these as and when concerns arise. We do this via the afore mentioned proxy server and also using 'Impero' which is our classroom management software. 'Impero' uses keyword detection to alert us of any of our listed keywords/concerns (such as kill and suicide etc.) which we then deal with as appropriate.

In addition, our students are prevented from downloading particular files types such as .exe .bat to prevent the students either introducing virus onto the network or installing an inappropriate software which protects both the school and students.

The measures above allow us to provide a high level of safeguarding for all of our students and it goes without saying that we must ensure the same level of security for our learners whenever they are away from our school site and associated ICT systems.

Yours faithfully,

Name
