

Using GCSEPod to Revise

It's nearly exam time. Are you prepared?

Do any of the following sound familiar?

I feel anxious or overwhelmed because I don't know where to start.

I revise topics I already know rather than tackling harder work.

I use the same revision methods, often reading notes over and over.

My mind wanders and I sometimes get bored revising.

GCSEPod is here to help you!

A reminder: What is GCSEPod?

GCSEPod provides you with highly concentrated 3-5 minute bursts of audio-visual, expert-written learning which can help to reinforce and consolidate key GCSE topics.

A reminder: What is GCSEPod?

- 27 GCSE/IGCSE subjects.
- Over 6,000 audio-visual Pods.
- Covering every exam board.
- Correlation between usage and progress.
- One website, three apps.
- Available online or offline.
- Ability to favourite any Pod (topic) you find difficult.
- Pre-made exam playlists, helping to organise revision.

When used effectively, GCSEPod can have a BIG impact on final grades

education on demand

Data from over 2,200 students shows that higher GCSEPod users are more likely to exceed their predicted grades by a larger margin than those who don't use GCSEPod.

High academic year usage yielded a greater impact than high usage in just the exam period.

On average, highest users received 3 grades higher across their subjects than predicted.

GCSEPod can be used on ANY device

How to find Pods to watch

Search for a Topic

Choose a topic

Search for an Exam

Go to My Courses

Choose an exam

Start revising

Create a Playlist

Go to My Playlists D

Assignments = Boost Playlists

gcsepod education on demand

Ask your teacher to set you an assignment – there are hundreds of questions readily available

You can apply your knowledge to the questions that have been set and get INSTANT results!

Boost Playlists – helps to fill in knowledge gaps

When you complete an assignment, you'll be given access to a Boost Playlist with recommendations on what you should be watching based on any incorrect answers.

My Boost Playlists

Duration: 05:13 - 1 Pod

How to use GCSEPod with classic revision techniques

GCSEPod and Note Taking

Notes help to improve your understanding of a topic in your own words. Keep your notes brief and don't forget to highlight key words, quotes and dates.

Write short and concise notes whilst watching a Pod. Watch a Pod fully first and then replay it whilst pausing it and writing notes.

GCSEPod and Idea Mapping

Summarise what you've learnt by creating an idea-map. Start by putting the name of the topic in the centre of a piece of paper. Add branches (like a tree) and add additional key words to each branch which are associated with the main topic. Keep adding more detail as the branches become smaller and use images and colours as well as words to help the information stand out.

Draw an idea-map with all the key words and images that you see and hear in a Pod. Try matching the colours you use on your idea-map to the colours shown within the Pod. Don't be afraid to be creative, it'll help you remember more.

GCSEPod and Flash Cards

Summarise a topic on a flash card or post-it, on one side of the card, write the topic's name. This will help you when you come to test your knowledge. On the flip side, write down all the key words, symbols, dates, quotes and places that you've learnt. When you test yourself, simply look at the topic's name and see if you can remember everything on the other side of the card without looking.

Create a flash card for each Pod you watch. Write the name of the Pod on one side, and on the other, write all the key information you've learnt. Search YouTube for a video on the "Leitner System" to find out more about creating effective flash cards.

GCSEPod and Summary Posters

Use keys words, pictures and definitions to design a poster on a topic or whole subject. Put the summary poster up in your room and spend regular time looking at it.

Watch a Pod and whilst you can remember, draw a summary poster with all you've learnt. Once you've finished your poster, rewatch the Pod and see how much you remembered.

GCSEPod and Practice Exam Questions, Past Papers (C)

Practising exam questions and past papers helps to perfect your exam techniques whilst checking your knowledge and highlighting any gaps you may have.

Watch Pods and then answer practice exam questions and past papers. Highlight questions you struggled with and watch the Pods.

GCSEPod and Mnemonics

Create a code using rhymes, phrases or acronyms.

For example, colours of the visible spectrum: Richard of York Gave Battle in Vain (Red, Orange, Yellow, Green, Blue, Indigo, Violet)

Pick out key words from a Pod and create mnemonics to help you remember.

GCSEPod and Timelines

Design a timeline for those subjects where chronology is important like History and English Literature. Timelines are invaluable for making sense of a series of events or stories.

Use key dates within a Pod to create a timeline; it will help you visualise the order of the story.
